## Flemish POWER HOUSE Toolkit

Based on the identified needs and the new challenges that the housing sector is facing, the Coordinator of the Flemish POWER HOUSE Platform has selected a series of tested resources and best practices produced in the framework of various EC funded projects and beyond in order to create a customised Toolkit adapted to the regional context.

This Toolkit, disseminated through the Flemish POWER HOUSE Platform's website and promoted during the events organised in the framework of the Platform's activities, provides valuable information to its members and other relevant stakeholders involved in the greening process of the housing sector in Flanders.

Click [HERE](#) to access the Flemish POWER HOUSE Toolkit.
