French POWER HOUSE Toolkit

French POWER HOUSE Toolkit

Based on the identified needs and the new challenges that the housing sector is facing, the Coordinator of the French POWER HOUSE Platform has selected a series of tested resources and best practices produced in the framework of various EC funded projects and beyond in order to create a customised Toolkit adapted to the national context.

This Toolkit, disseminated through the French POWER HOUSE Platform's website and promoted during the events organised in the framework of the Platform's activities, provides valuable information to its members and other relevant stakeholders involved in the greening process of the housing sector in France.

Click [HERE](#) to access the French POWER HOUSE Toolkit.
