POWER HOUSE nearly-Zero Energy Challenge!

WORKING FOR A FAIR ENERGY TRANSITION

CECODHAS HOUSING EUROPE

As EU construction norms are tightened to reflect new global energy realities, this CECODHAS Housing Europe-led initiative involving 14 partners from 10 countries will serve as a **point of neutral dialogue and knowledge exchange based on data from 30 case studies** for Public, Cooperative and Social Housing professionals on the move towards **nearly-Zero Energy Buildings.**

POWER HOUSE nearly-Zero Energy Challenge!

WORKING FOR A FAIR ENERGY TRANSITION

The initiative is also designed to guide Member States in the shaping of regulatory and financial frameworks and conditions necessary to ensure that the **energy transition** is **inclusive** as well as **socially**, **economically and environmentally sustainable**.

CECODHAS HOUSING EUROPE

POWER HOUSE NEARLY ZERO ENERGY CHALLENGE

Supported by INTELLIGENT ENERGY EUROPE

This challenge will be taken up in 4 TaskForces: nZEB in Warm/Mediterranean Climates, nZEB in Cold/Continental Climates, nZEB in Divided/Cooperative Ownership and a Taskforce dedicated to Financing nZEB.

Ms Sorcha Edwards I sorcha.edwards@housingeurope.eu I
Mr Alessandro Cesale I alessandro.cesale@housingeurope.eu I

Supported by INTELLIGENT ENERGY EUROPE

Cold/Continental Climate Taskforce!
Leader: GbV

- Objective: A cost-benefit analysis of members experiences to date in the construction of passive/low energy housing.....

- Based on real data!

- Defining an appropriate methodology to allow comparison

- Objective: Strengthen our case for the need for a different view of Low energy housing for hot climates...

- Promote via an on-line course for housing providers throughout the region

Divided/Shared Ownership Taskforce!
Leader: Legacoop Abitanti

- Our objective: Divided/Cooperative Ownership should no longer be an obstacle to low energy housing renovation!! Collect and Implement new ideas..

- Objective – finance should not be an obstacle to nearly Zero Energy Building

- Challenges

- Solutions

- Legislative

Shadow Roadmaps on nZEB stating how you think a fair transition to nZEB will look:

What is the timing?
